Jake Nahayowski Dies When Gas Explodes

LAC LA BICHE—Jake Nahayowski, 40, of Atmore, died at St. Catherine's hospital here early Thursday morning, May 2, as a result of burns received when an explosion and fire, shortly before 8:00 p.m. May 1 destroyed an oil shed he operated in the village. Cause of the explosion was reported as gas fumes in the shed, being ignited by a gasoline engine, used in pumping operations at the plant.

The fire chief and eight members of the Lac la Biche brigade answered a call for help and although the building was flattened when they arrived they were successful in putting out the fire by bucket brigade.

As a high wind prevailed at the time, there was a real threat to other buildings nearby until the firemen arrived.

Members of the Boyle brigade also answered the call but arrived later than those from Lac la Biche. A 12 year old son of the deceased suffered burns to his hands but was reported as not in serious condition. Mr. Mayhowski operated a general store and gas and oil station at Atmore. No inquest will be held.

THE HON. LOUIS ST. LAURENT
Canada's Prime Minister.

Thousands Of Albertans See Prime Minister On Arrival In Capital

EDMONTON (BUP)—Prime Minister Louis St. Laurent left Edmonton as scheduled Wednesday afternoon after 24 hours of speeches and inspection in Canada's oil capital.

After the hour-long flight, Mr. St. Laurent was scheduled to inspect Calgary's airport terminal, attend an informal reception to meet local Liberal candidates and workers and hold an election rally at the Corral in the evening.

The prime minister had arrived in Alberta's capital Tuesday afternoon on the C.N.R. super-continental from Winnipeg. He was greeted at the station by federal mines minister George Prudham, senators MacKinnon and Stambaugh, Mayor William Hawrelak, who is the party's candidate for Edmonton East and provincial Liberal officials.

The crowd of 200 gave a warm welcome to Mr. St. Laurent and commenced to clap. A few voices were heard to say "hi-ya Louis." He arrived as the mercury hit 81 degrees—the warmest heat wave since last fall. After a short rest, the prime minister motored ten miles to the thriving town of St. Albert where he gave a non-political talk.

In the evening Mr. St. Laurent showed fight and anger to the delight of 2,000 cheering Liberal supporters at a campaign speech at the Alberta College auditorium. His fighting words followed a shout by a man in the hall that the federal government was not doing enough for Canada's Indians and Eskimos.

In his speech, the prime minister used the theme of the "beckoning treasure house of the north" and the importance of this area in Canada's progress. He also devoted a major part of his speech to Canada's new and old Canadians.

Mr. St. Laurent's main guide through Edmonton was Mayor Hawrelak. He spent the morning touring the new $3-million glass and marble city hall and also paid a visit to the Veterans' Pavilion. He was given a rousing welcome by city hall workers and sick veterans alike.

A member of the prime minister's staff said Mr. St. Laurent was "quite pleased at the enthusiastic reception which he has had during this western tour."

"You can tell the Calgarians too, that the prime minister is looking forward to meeting them again," the official added.

Mr. St. Laurent, looking fit and healthy despite his 75 years, is scheduled to continue his across the nation tour in British Columbia this weekend, addressing gatherings in both Vancouver and Victoria before going on into Saskatchewan where he will speak at Saskatoon and Regina.

ALEX SHORE

Alex Shore, P.C. Begins Campaign

Alex Shore, Progressive Conservative candidate for the constituency of Athabasca, has been conducting a vigorous campaign in his riding for the past week. Unfavorable road conditions have failed to hinder him in covering the district. On several occasions he was "Hung up" for many hours with only frogs for company but, as he put it, "I used the time for some serious thinking and speech preparation."

Mr. Shore, 33 years of age is a dental technician, residing in Edmonton but having a great number of friends and acquaintances throughout the constituency. He speaks several languages and is very active in community life and affairs. He is fully acquainted with the problems of the farmer and the rural resident, having farmed in Manitoba for some years. Now managing his own business, he is thoroughly conversant with the problems of the wage-earner and businessman of today.

His political rallies and gatherings are unique in the fact that he uses only a short time for actual speech-making, devoting a good portion of the time to entertaining his audiences with feats of magic and musical selections.

Alex Shore will be at the Legion Hall in Lac La Biche on May 14 at 8 P.M. and at the Community Hall in Athabasca on Thursday, May 16 at 8 P.M. Everyone is welcome to come and hear Mr. Shore and to be entertained by him personally.

CIVIC AND communal leaders will tender a reception to Franklin Delano Roosevelt, Jr., this Saturday evening at the Macdonald hotel. Mr. Roosevelt's visit has been arranged as part of the nationwide observance of the State of Israel's Ninth Anniversary. He is also scheduled to address a special celebration dinner on Sunday evening.

Plans Completed For Celebration 9th Anniversary

Plans for the "Salute to Israel Dinner" at the Macdonald Hotel, Sunday evening, on the occasion of the ninth anniversary of the declaration of statehood, have been completed as the 1957 campaign for the sale of State of Israel Development Bonds was launched here this week.

Franklin D. Roosevelt Jr. will be the principal speaker and guest at the scheduled weekend affairs, starting with a reception Saturday evening and concluding Sunday night with a special birthday party.

In a letter accepting the Edmonton committee's invitation, Mr. Roosevelt pointed out that "Israel Bonds are one of the most important means to assure that Israel will be able to meet the challenges of the increased flow of immigrants due to the recent developments in Egypt and Hungary.

"Just as Canadian and American bonds are necessary for the development of our own respective countries, bonds of Israel are equally essential for the development of Israel."

(A new era is beginning in the Middle East and in the history of the world. The Arab countries could be brought to work together with Israel when they openly recognize and admit that Israel is here to stay, and join the Best in a program of regional cooperation, economic progress and development of human and natural resources.

As the "beach-head" of democracy in the Middle East, therefore, Israel must be supported by her friends in the West."

Indians Predict Hot Summer

ROCKY MOUNTAIN HOUSE (BUP)—Indians along the western foothills of the Canadian Rockies predicts a long hot summer.

Indians, in Rocky Mountain House, to sell squirrel skins and other furs, say there will be some rain, but not as much as is usual the Indians also forecast fair crops, fair hay, an abundant crop of wild berries, good fishing and good hunting for big game in the fall. No snow can be expected until after October 15th.

Asked how they predict the weather—they have been almost 100 percent right about the weather the last two winters—one elderly Indian woman said she had been taught by her grandmother, who in turn had learned the weather signs from her grandmother. She would not reveal what the signs were, but added with a grin. "White people might try it, if they knew what to look for."

When the truth hurts any enterprise, there is something wrong with the undertaking.

Find Farmer Dead In Ditch

Last week an elderly Midnapore farm hand was found dead in a ditch. Death is believed to have resulted from natural causes.

RCMP said Alexander Brown 69, was burning grass on a farm two miles west of Midnapore when his pants apparently caught fire. In his haste to move clear of the burning grass and also stamp out the flames eating at his pant leg, it is believed he tumbled into the ditch, suffering a heart attack.

He was employed by Albert C Smith.

RCMP said Mr. Brown had no known relatives in Canada.

Ottawa, May 1, 1957.

Success Penalized By Over-Taxation

CALGARY (BFP) — The president of the Canadian Manufacturers' Association has charged that the Canadian government is strangling the development of the country by penalizing success through taxation.

J. N. T. Bulman of Winnipeg, told the annual dinner of the Alberta CMA branch in Calgary, that the trend of increasing necessity for industry to intercede with government was "unhealthy and most disturbing."

"The level of government activity in the economy today, has gone far beyond the point at which it could be considered as a mere reflection of our national growth, he charged. Among the consequences of big government "must be counted those which result from government's confiscation of nearly half of all corporation profits.

To Erect Hotel In Nisku Area

A group of Edmonton businessmen have acquired land in the Nisku area for the purpose of erecting a new hotel. This building, when completed, will be favorably situated so as to service the projected new airport area.

"POLKA PARTY" leader Jake Park's musical career dates back more than forty years when he played alto horn with his father's band at the age of nine. Since that time Jake has toured Canada and the U.S. After World War II he joined the CBC. He is heard on "Winnipeg Pops Concert" and "Sunday Concert" as well as "Polka Party." The latter program is heard over the CBC Trans-Canada network Tuesday evenings (CBW, Manitoba—8:00 p.m., C.D.T.; CBK, Saskatchewan—7:00 p.m., M.D.T.; CBX, CBXA, Alberta—6:00 p.m., M.S.T.)

Wheat Industry Has Nothing To Fear Minister Tells Edmonton Chamber

EDMONTON (BUP) — Canada's wheat industry "has nothing to fear in the long run," Trade Minister C. D. Howe told the Edmonton Junior Chamber of Commerce.

"A tough fight lies ahead to retain our traditional wheat markets and to achieve a reasonable degree of price stability until the burdensome surpluses now existing in North America disappear, as they surely will," Howe said.

"In the long run," he added, "there can be little to fear, because Canada still produces the best bread wheat in the world, and Western Canadian wheat producers are as efficient as any in the world."

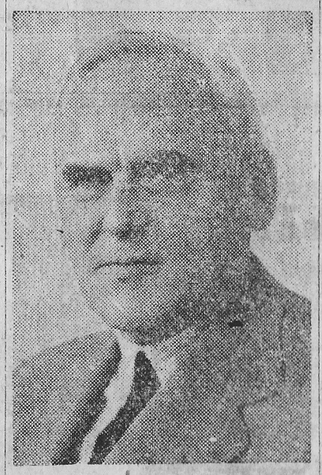
The Canadian government acted through the Bank of Canada to curb inflation, Howe said.

"In recent months . . . the government has been concerned about the possibilities of inflation," Howe said. "It has therefore acted, through the Bank of Canada, and through other monetary measures, to exercise restraint on the abnormal expansion of credit.

"This is an anti-inflationary policy, not an anti-expansionist policy. I fully expect . . . that Canada will expand during 1957 at a faster rate than ever before in its history."

Howe said the government was helping to "convert" Canada into a major industrial nation without using "artificial stimulants."

. . . the Canadian goernment has resisted the efforts that have been made to divert our national energies toward those industries which can only survive by protection," Howe said. "The result is that these new industries have been built to stand on their own feet, and not rely on a sheltered market."



THE RT. HON. C. D. HOWE, Minister of Trade and Commerce, who was guest speaker at the Junior Chamber of Commerce awards night presentation and banquet at the Macdonald hotel.

Howe stressed that adequate transportation and adequate energy "are the foundations to Canada's industrial advancement." The building of the Trans-Canada Pipeline was a major step in building up the country's energy outlets, Howe said.

". . . The steps which were taken to get the Trans-Canada Pipeline underway is another example of responsible and necessary government leadership," Howe said. "The government could have taken a passive role in this affair.

"But if we had been cautious rather than courageous, would the Trans-Canada project today be financed and partly built?"

Howe said Canadians should diversify their investments and "be prepared to take greater risks." He suggested that the government and businessmen "could do quite a bit to encourage foreign-owned enterprises which operate in Canada, to operate, not as branch plants, but as far as possible like independent Canadian enterprises."

"The moral force of the business community can do much to ensure that foreign capital makes its maximum contribution to the growth of the Canadian nation," Howe added.

There are no rules that apply to every human being, and no human being that obeys all the rules.

Poultrymen To Query Egg Plan

A public meeting for Alberta poultrymen and women will be held in the Holborn school, May 3, at 8:30 p.m.

W. J. Harper will be guest speaker. The Alberta Egg Marketing plan will be the main topic of discussion. Those attending are asked to be prepared with questions.

Lunch wil be served by Stony Pain F.W.U.A.

Lift Road Bans

EDMONTON (BUP) — Alberta highway department officials announce that effective April 29, road bans will be lifted on the Faust-Dunvegan to the British Columbia border.

Other bans to be lifted include the Rocky Mountain House to Nordegg, Clive Corner to Fort Assiniboine and Donnelly to the B.C. border.

Reduction to 50 per cent ban came into effect on the same day on the Edmonton to Fort Saskatchewan; Edmonton to Redwater and Edmonton to Clive Corner highways.

City To Charge For Grass Shave

EDMONTON (BUP)—Edmontonians who let grass on boulevards in front of their homes go uncut may have the job done for them by the city for $5.

City council will consider a by-law giving city inspectors the authority to have the grass cut by city workmen if they feel it is required. The charge would be made as a $5 debt owed the city.

Coal Mine To Suspend Operations

BLAIRMORE (BUP) — The Greenhill Coal Mine of Western Canadian Collieries, the largest mine in Alberta, suspended operations.

William Bird, general manager of the collieries, announced the shut down will result in 250 men being put out of work. The reason given for the suspension was loss of steam coal markets owing to progressive dieselization of the Canadian Pacific Railways.

The Greenhill mine in the coal-rich Crowsnest Pass district has been in operation for 43 years and in that time produced more than 15 million tons of steam coal. It normally gives employment for 550 men.

The suspension order will effect production of the inside mine of Greenhill at Blairmore as well as the Blairmore Iron Works, the Womco coal reclaiming plant and Hillcrest.

Last fall, a French firm indicated it was considering the construction of a multi-million dollar steel smelter in the Crowsnest Pass area.

John Kampis Wins Speech Contest

GIBBONS — John Kampis, 19, was judged best of 15 4-H Club members who competed in the public speaking contest sponsored by the Edmonton District Agricultural Society in the Sales Pavilion.

Other winners among the contestants from the municipal districts of Stony Plain, Strathcona and Sturgeon River were, Harry Pederson, 19, of St. Albert, second; Jo-Ann Gill, 15, of Gibbons, third; Barbara Gill, 17, of Alcomdale, fourth; and Bud Rentz, 16, of South Edmonton, fifth.

The topics selected by the contestants dealt primarily with agricultural activities. Watches and cash prizes were presented to the winners by R. A. W. Briggs on behalf of the Agricultural Society.

L. A. Walker, superintendent of schools, Clover Bar school division, adjudicated, and the Edmonton Exhibition association provided refreshments.

Farmer Dies In Tractor Mishap

LETHBRIDGE (BUP) — Lethbridge hospital officals report that 67-year-old Humber Miller a Milk River district farmer, died during the weekend of injuries suffered in a tractor mishap.

Miller was operating the tractor last Wednesday when he fell off and was run over by the cultivator.

Lightning Bolt Kills 6 Cattle

GAINFORD—Six head of cattle were killed when lightning struck the home of Carl Zawaski of Fallis, April 23.

The glass in the windows of the house were shattered by the same flash, but a bird in the house at the time, was unharmed.

Mr. and Mrs. Zawaski were not home at the time of the accident.

E. C. Johnson has been appointed city passenger agent at Edmonton for the Canadian Pacific Railway effective May 1, after five years as city ticket agent at Edmonton. He succeeds D. V. Elliott, who has been transferred to Ottawa as city passenger agent after fourteen years in Edmonton, 30 years with the C.P.R.

J. R. Patenaude will succeed Johnson as city ticket agent at Edmonton moving up from travelling passenger agent at Calgary, and J. R. Love becomes passenger representative at Calgary in a promotion from statistician.

The changes were announced by A. K. Stewart, district passenger agent at Calgary.

Brothers Charged With Armed Robbery

REDWATER — Two Edmonton brothers, were arrested Thursday night and charged in RCMP court with charges of armed robbery, robbery with violence and car theft.

Russell and Milford Ziekie were charged with stealing a grey ton truck from an Abee district farmer, Sidney Bothalmey and the robbery at gun point of $5 from the Brownies' Half-Way Service at Coronado, on Highway 28 when they held up the station proprietor, Browning Bwezminski around midnight, April 18.

They are also charged with robbery with violence of $100 from Jack Delarme service station operator at Stony Plain on April 21.

A third brother, Cecil Ziekie, pleaded guilty to robbery with violence.

No plea was taken from George Stanley Towle on one charge of robbery with violence.

The men were traced through the gun which they had stolen while working in the Prince George, B.C., area last year.

Alberta Officers Going To Europe

OTTAWA — Army headquarters announced the names of 73 second lieutenants and officer cadets who will go to Europe this summer to train with units of the 2nd Canadian Infantry Brigade Group in Germany.

They are members of the Royal Military College and civilian universities who are qualifying for commissions or in the Canadian Officers' Training Corps.

While in Europe they will complete the third and final phase of their training.

They will fly from Montreal's Dorval Airport in drafts between May 2 and June 20. They will return between July 26 and September 16.

2nd Lieut. John Nicholas Nasedkin, 20, Beaverlodge; 2nd Lieut. John M. Johnson, 20, Lethbridge; 2nd Lieut. Norman Kenneth Barth, 23, of Edmonton; 2nd Lieut. George Jess Eklebosh, 20, Edmonton; Officer Cadet Paul Athol Robison, 21, son of L. C. Robison, Calgary; 2nd Lieut. John Owen Bowman, 31, Edmonton.

$1 Million Drive For YMCA Buildings

Plans for the construction of three new Young Men's Christian Association buildings in Edmonton were announced by Joel K. Smith, president of the YMCA board of directors. Cost of the project is estimated at more than $1,000,000.

A campaign to raise funds for the new buildings opened April 15 and will continue for seven weeks through May 31. H Ray Milner and Irvine C. Dinning will act as joint general chairmen of the drive. John L. McIntyre, former "Y" president, will serve as associate general chairman.

Details of plans for the new central addition call for a new, modern, fireproof structure which will house an up-to-date gymnasium, standard swimming pool, handball courts and other special purpose facilities. Cost is estimated at $700,000.

The West Edmonton building will include a swimming pool, meeting and game rooms and accessory facilities at an estimated cost of $325,000.

The South Edmonton headquarters building will be a smaller structure. Detailed plans for this unit have not been developed but cost is estimated at $25,000.

Second Pembina On The Way

EDMONTON (BUP)— Oil companies and businessmen were watching with great interest two wildcat oil wells being drilled some 120 miles northwest of Edmonton, which may prove the existence of a large petroleum field.

The two 'hot' wildcats, being drilled within 15 miles of each other by Home Oil Company and Associates in the Virginia Hills—Swan Hills area near Whitecourt, are in virgin territory more than sixty miles from the nearest oil production.

The Virginia Hills area was the scene of the most outstanding exploration development in western Canada this year. Here, in January, at a Home Oil operated wildcat, the middle Devonian made its debut as a commercially productive oil Horizon. It was the first discovery of its kind in Canada and may be the great strike of 1957.

This area was further highlighted when another Home Oil venture, only 25 miles northwest of Virginia Hills, also found oil in the middle Devonian.

Observes say that two factors combine to indicate that these discoveries are of the greatest importance. A brand new oil-bearing formation has been proven for northern Alberta and that a vast new oil field may be in the making.

The two wildcats currently being drilled within 15 miles of each will undoubtedly snpply the operator with much-needed information about the nearby discovery wells.

Youths Blamed For Destruction

TOMAHAWK—Police have been seeking youths believed responsible for destruction here.

They are believed to have thrown a large rock through a Seba high school window during a meeting, nearly hitting a woman on the head.

A few days later they are thought to have broken the windows in the Russian Orthodox Church near the old Dniproo school, and the window in the shoe repair shop here.

World War II Vet "Out To Kill" St. Laurent And Howe

WINNIPEG (BUP)—A letter to the editor of the Winnipeg Free Press today contained a threat to kill Prime Minister Louis St. Laurent and Trade and Commerce Minister C. D. Howe.

The reason for the writer's threat apparently was that 'the Prime Minister is selling this country to the U.S.A."

The letter, signed as World War 2 veteran, was turned over to the police by the paper.

"I was taught to kill the enemy of the state, when I kill the Prime Minister in the eyes of God, I will be doing my duty to this country C. D. Howe is an American, if he is also guilty of treason to Canada, I will kill him also."

The anonymous writer accused the Prime Minister of "doing nothing" about the recent Norman suicide.

"The Trans-Canada Pipeline was sold to the U.S.A. big money at our expense. The Waterways are being diverted to favor the U.S.A. at a big loss to the fisherman. The farmers can't sell the wheat because the U.S.A. is dumping theirs. The government is selling all the natural resources to the U.S.A."

The letter continued, "now I wonder why I fought for this country. Killing the Prime Minister I will be right."

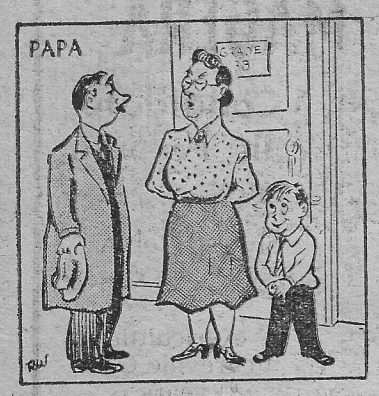
"I hate to tell you this, lady," sadly said the stranger, as he stood at the front door, hat in hand, "but I just ran over your cat. I hope you'll forgive me, and I want to replace him."

"Well, don't just stand there!" she barked. "There's a mouse in my kitchen."

An Army captain, stationed overseas, was elated over the snapshot his girl had sent him from the States. It showed a happy couple sitting on the beach, while she sat alone in the background looking forlorn. The message on the back read: "Darling, this shows how lonesome I am for you."

The captain showed the picture to everyone who would look at it, over and over again, until he and his picture became number one bore. Finally a fellow officer devised a way of inducing him to put the snapshot away permanently.

"John," said his friend innocently, "who do you suppose took that picture?"



"I'm sure his work would improve, Mr. Plumb, if he could only take his mind off the girls."

Local Nurse Begins Work On Oahu Island

COLINTON — Shirley Hayward arrived in Honolulu April 27 to begin nursing in the general hospital at Kahuku, Oahu.

Oahu island is one of the smaller of the Hawaiian group, approximately 3,000 air miles from Edmonton. Miss Hayward flew by TCA from Edmonton to Vancouver and to Honolulu by CPA.

The Kahuku hospital has 40 beds and a staff of six graduate nurses. Situated on a sugar plantation, most of its patients are natives.

Miss Hayward was accompanied on the trip by Kathryn Jones of Kamloops, B.C., a graduate of Holy Cross hospital in Calgary.

Athabasca

Sandra and Judy Bulmer returned Saturday evening from Calgary. Besides having an enjoyable holiday from school, they received special dancing instructions while there, which they hope will aid them with their dancing class here in Athabasca.

Denise Loiselle has returned from Edmonton where she has been attending varsity. Denise plans to work in Athabasca over the summer months at the Co-op store.

Mrs. H. E. Ardrey went to Edmonton Tuesday to attend a concert in the new Alberta Golden Jubilee Auditorium.

R. K. McCallum returned home Monday evening from a trip to the west coast. He visited two sisters and other relatives at Vancouver. However, due to ill health, he plans a short stay in an Edmonton hospital.

Eleanor Champion, formerly of Athabasca, was visiting friends here during Easter week. Eleanor is living with her family in Hinton.

Frank Thompson, who has been attending university in Edmonton, is home now with his family. He plans to work up north during the summer months.

Nora Brouilette of Prince George returned again to Athabasca to finish the school term.

George Sauer and son Raymond spent two days in Edmonton.

Mr. and Mrs. Redge Poole motored to Edmonton last week.

Mrs. Dale Nelson is now employed as secretary for M. G. Gault, superintendent of schools.

D. B. Hunter has made several trips to Edmonton recently to see his father, who is awaiting surgery in an Edmonton hospital.

The Athabasca Boy Scouts held an over-night camping trip last weekend.

The Charlie Passmore's are now settled in Prince George and Charlie is employed in construction work.

Mr. and Mrs. Clarence Pudlowski have moved into the Halliwell house.

T. R. McClean and Rev. Zwicker attended a United church meeting in Edmonton last week.

"Cemetery Clean-up"

COLINTON—The 4-H girls will gather for "Cemetery Clean-up" May 18.

Owners of lightweight delivery trucks, of rakes, axes and other debris clearing tools, who would be willing to assist the girls in this community project, are invited to join them on that Monday.

ALL TOO OFTEN, as the culprit responsible for a tragic fire, the chimney is the only thing left standing when the firemen have gone. This season of the year, with the constant variations in heating requirements, plus the accumulated defects resulting from winter-long heavy usage, stove pipes, furnace pipes and chimneys all deserve close inspection as fire source suspects. Alberta is well to the fore in the national cutback of property fire loss of 7.2 percent as against last year. Alberta's drop is 7 percent in property value and 32.7 percent in fire deaths, to 31 persons from 46 in 1955. National death toll in 1956 was 545, compared with 1955's 569. These figures are more striking when the increase in population and construction is considered. The office of the Fire Commissioner of the Alberta Provincial Secretary is active in fostering improved fire fighting services and fire preventative efforts in this province's municipalities. The office is ready to assist individuals in organizations in the practical requirements of fire prevention inspection work, covering all building and structural matters, heating, fire detection and fire extinguishing, as well as on a municipal level in outlining fighting equipment necessities and training.

Edmonton To Salute Israel's Ninth Anniversary With Special Dinner

To salute the State of Israel on its ninth anniversary, the Jewish community of Edmonton will hold a special celebration dinner at the Macdonald Hotel, highlighting the 1957 campaign here for the sale of State of Israel development bonds, it was announced by Harry R. Cohen, A. Davis, J. Superstein and S. Belzberg, co-chairmen of the Edmonton Committee for State of Israel Bonds.

Franklin D. Roosevelt, Jr., will be the principal speaker at this Israel Bond function, it was announced.

Mr. Roosevelt, currently a practising attorney, is the fourth son of the late Franklin Delano Roosevelt and a former Congressman from New York. He is a decorated veteran with five years' service in the Navy.

As a member of the House of Representatives, Mr. Roosevelt served on many important committees and helped the economic and political cause of Israel and the peace and prosperity of the Middle East. He visited Israel during the War of Independence and so gained his knowledge and appreciation of her people first-hand.

In planning the Celebration Dinner, which will serve to focus attention on the intensive 1957 campaign for the sale of State of Israel Development Bonds, a committee of volunteers, consisting of prominent business, civic, religious communal leaders has been formed. Among those who will participate in the Dinner program are Mayor William Hawrelak and Mrs. Hawrelak, Mr. and Mrs. Lucien Maynard, Hosts, Dr. and Mrs. Morris Weinlos, Mr. Harry R. Cohen, Mr. and Mrs. Al Davis, Mr. and Mrs. Jake Superstein, Mr. and Mrs. I. R. Friedman, Mr. and Mrs. S. Belzberg; and Mr. and Mrs. Hyman Weisler, Rabbi Dr. and Mrs. Louis L. Sacks, Rabbi and Mrs. A. Postone, and Mr. and Mrs. Morris Stachinsky.

"The participation, for the first time, of a Women's Division headed by Mrs. H. Bloomfield and Mrs. A. Bercov, is expected to help immeasurably in making the ninth anniversary salute to Israel one of the most successful and memorable social events in Edmonton's history. The anniversary celebration will serve to demonstrate again our community's sense of common understanding and fellowship with the people of Israel," Mr. Harry Cohen, general co-chairman stated.

Plans for the May 5 celebration call for a special tea tendered by civic leaders, a special reception in the late afternoon, followed by the anniversary dinner. Highlights of the dinner will be the presentation of the co-chairmen to the community by Dr. Morris Weinlos, President of local Zionist Council, and the candlelighting ceremonies conducted by Mr. Al Davis, dinner chairman. Wind-up for the day's activities will be a "birthday party" at the home of Mr. and Mrs. J. Superstein, a general co-chairman of the drive.

CALGARY (BUP) — The editor-in-chief of the Calgary Herald, Richard L. Sanborn, announced the appointment of Gerald Brawn to the post of assistant editor of the Herald.

For the past 19 years, Brawn has held the position of news editor for the Calgary afternoon daily newspaper, indirect charge of handling and editing both telegraphic and local news.

R.C.A.F. Replenish Arctic Larders

Extensive air operations by the RCAF to replenish the larders of isolated government outposts in the Canadian Arctic are now under way.

Four transport squadrons from Montreal, Ottawa, Toronto and Edmonton are taking part in the annual spring re-supply of joint Canadian and U.S. weather stations.

More than 500 tons of supplies varying from fresh foods to heavy tractors are being flown in to the bases. Mail and personnel replacements are also being carried. It is estimated 700 flying hours will be spent on the airlift which is expected to be completed by May 1, weather permitting.

The design of the air operation is to permit aircraft landing on frozen lakes and glacial ice airfields before the spring breakup. Airmen will take advantage of the 24 hours of daylight in the Arctic at this time of year to carry out round-the-clock flying.

Main base of operations is at Resolute Bay on Cornwallis Island, 2000 miles north of Montreal. Flights are also being made from Churchill, Man., and the USAF base at Thule, Greenland.

Operating out of Resolute Bay are C-119 "Flying Boxcars" of 436 Squadron, Toronto, and 435 Squadron, Edmonton, as well as Dakota aircraft of 408 Photo Squadron from Ottawa.

North Star aircraft of 426 Squadron, Montreal, are operating a shuttle service between Churchill and Resolute Bay. The squadron will also carry out an air drop of two and a half tons of fresh foods at Sachs Harbor, Banks Island, where landing facilities prohibit the use of large aircraft.

3,000 Pensioners To Ride Free

EDMONTON (BUP) — Edmonton city welfare superintendent E. S. Bishop said recently more than 3,000 persons will be eligible for free transportation on city buses.

The city council approved in principle a resolution to allow old-age pensioners not to pay.

Mayor Hawrelak estimated the cost to the city at about $30,000 annually and said he hopes the plan would be in operation by May 15.
